APRIL 14 - 18, 2019
NORTHERN KENTUCKY CONVENTION CENTER
ONE WEST RIVERCENTER BLVD, COVINGTON, KY

62nd ANNUAL KWWOA CONFERENCE

This Conference is designed to provide Kentucky's water and wastewater operators and lab analyst with up-to-date technical information and continuing education hours for license renewal purposes. This Conference is also attended by operators from southern Indiana and Ohio and individuals testing for a Kentucky operator certification. While this Conference targets water treatment, water distribution, wastewater treatment, and collection system operators from the private, municipal, and industrial sectors, it is also marketed to and attended by laboratory analyst, pretreatment coordinators, and engineers. Conference attendance averages 700.

WHAT DOES THE CONFERENCE OFFER EXHIBITORS/SPONSORS?

- The ability to interact with a large number of water and wastewater professionals in a short amount of time,
- Economical booth and sponsorship fees,
- An opportunity to exhibit products and services to existing and potential clients. In addition to the regular 10 x 10' booths, KWWOA is offering 3—30 x 40' booths this year to accommodate large pieces of equipment.
- Social activities that allow ample opportunity to talk with attendees in a relaxed atmosphere. Most of the training rooms and three social events will be housed in the exhibit hall to support booth traffic, and
- The ability to showcase your Company's technical knowledge through participation in the training program or mobile technical sessions in the Exhibit Hall.

If your company is interested in providing a technical presentation (50 minute technical presentation or 15 mobile session), please contact Lisa Detherage immediately via email at Lisa@kwwoa.org or complete the KWWOA Conference Presentation form on the State Conference page (www.kwwoa.org).
